Solutions

Numbers & Letters

Our self-adhesive characters are printed black on yellow or white delivering high visibility identification. They are simple to apply and can be quickly removed leaving no residue. Available in eight sizes in single character sheets or in full A-Z and 0-9 packs.

Sheets of mixed magnetic numbers and letters are also available.
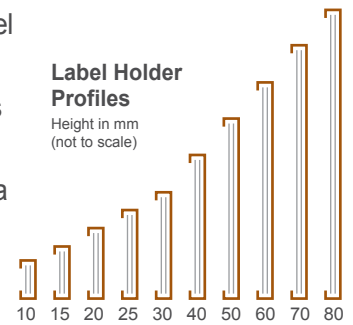

Label Holders

Magnetic or self-adhesive label holders supplied from stock in pre-cut lengths. Special sizes can be supplied on request. Each holder is supplied with a white card insert and a clear plastic cover strip.

Ticket Pouches

A range of cost effective ticket pouches with self-adhesive or magnetic fixing options. Designed for use on racking or shelving. The clear front and bright yellow backing are highly visible. Barcodes can be scanned without removing the insert.
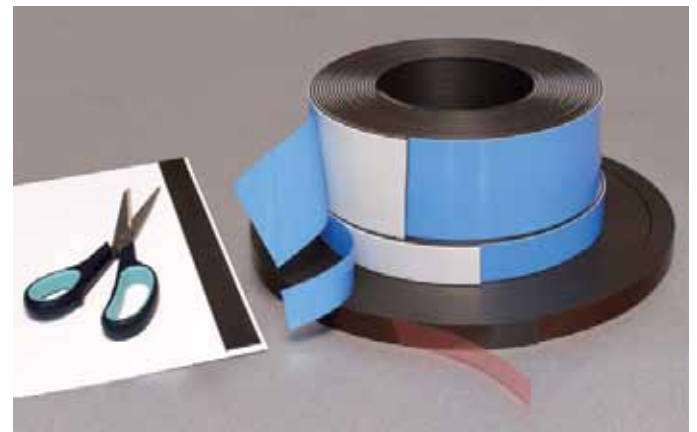

Magnetic Easy-wipe Racking Strip

20mm
30mm
50mm
70mm
90mm

The magnetic easy-wipe strip provides a fast and effective updating system for identifying product codes and stock level information. Easily cut to length, use a wet-wipe pen on the "write on/wipe off surface".

Magnetic Self-adhesive Strip

Our magnetic strip is supplied in four widths, each backed with a strong permanent self-adhesive for mounting items onto steel surfaces. Ideal for many jobs in the factory or warehouse, eliminating the need for drilling or other methods of fixing.

Labelling & Shipping

Document Pockets

racksack®

Waste management problems are easily solved with the racksack. Suitable for most racking systems the racksack quickly fixes to the end of your racking frame. In a range of 14 designs, once full of your waste or recyclables the racksack can be quickly and easily emptied.

racksacks are also available in green

Our non-adhesive backed chart enables you to form structured and regular checks of your racking systems. The last check is instantly visible for all to see and shows the user exactly what to check and to look out for. *Dimensions 900 x 690mm*

Recycling & Safety

Floor Markers

Our range of floor markers provide cost effective solutions for marking areas or warnings on the warehouse floor. The range includes items for pallet areas, highlight walkways, fork truck routes, warning signs and aisle identification. All our floor products are industrial quality capable of withstanding everyday traffic of a fully operational warehouse. The markers although designed for the floor can be used on walls or anywhere a tough permanent sign is required.

Weight Load Notices

Properly identify safety weight and correct loading procedures for your racking and shelving.

This range of safety notices are printed onto tough, durable materials and conform to the latest Health and Safety recommendations. The range covers shelf/pallet racking, cantilever racking, drive-thru racking and mezzanine floors. Supplied blank from stock, notices can be overprinted with your company logo, address and contact details.

Bay & Aisle Markers

These high-visibility bay and aisle markers offer clear identification throughout the warehouse.

The bay markers feature a formed aluminium section with either magnetic or self-adhesive edges enabling the marker to be located onto steel racking without the need for drilling.

Our range of aisle markers are pre-drilled (unless stated otherwise), the markers fasten securely onto your racking system and deliver instant product and aisle locating.

No drilling required

Code Labels

Modern warehouses require clear and precise identification. Our consultation service allows you to tailor your specific code label requirements to suit your needs.

Available in self-adhesive for permanent solutions or magnetic for cold stores or where locations need to be moved. Barcodes, arrows and colours can be incorporated, printed with the message you want and how you want it.
