Electronic Cash Registers

Sharp have been producing high quality Electronic Cash Registers for over 30 years /This is Why we are a trusted brand for any retail and hospitality

XE-A107-WH (White) / XE-A107-BK (Black)

Sharp's entry level Electronic Cash Register models are reliable, stylish and cost effective /This is Why the new XE-A107 series is the ideal starter machine

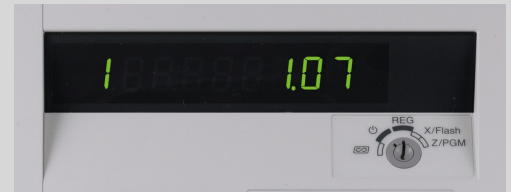

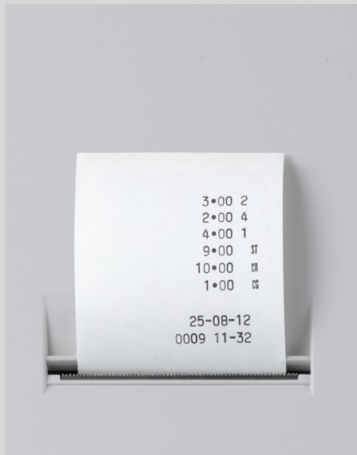

The new XE-A107 series is the latest addition to Sharp's best selling range of Electronic Cash Registers. With a compact yet stylish body and available in a range of 2 colours it is suitable for a wide variety of retail or hospitality applications.

A bright 9 digit 7 segment LED operator display gives clear information to the user and the 58mm wide printer gives clear and reliable printing. The 30 raised soft-touch keys are colour coded for ease of use and are designed to be hard wearing.

The XE-A107 series includes a lockable cash drawer and also comes with a handy storage tray to keep pens or other items tidy but yet close to hand. Sharp's new XE-A107 range is the perfect machine for any small business.

Sharp understands that peace of mind is a key point for many businesses /This is Why the new XE-A137

The new XE-A137 series is a compact yet powerful range of Electronic Cash Registers. The contemporary and stylish design comes 2 colour choices.

A bright 9 digit 7 segment LED operator display gives clear information to the user and the single station thermal printer gives reliable and silent printing. The XE-A137 series includes a lockable cash drawer and also comes with a handy storage tray to keep pens or other items tidy but yet close to hand.

A 3,000 line Electronic Journal gives a full audit trail and for peace of mind, an SD card slot is included to allow for sales data and/or the Electronic Journal to be saved to SD.

All these features make the XE-A137 ideal for any growing retailer.

Sharp knows that some users may need to use their cash register in outdoor environments /This is Why the new XE-A147 series has an optional recharge-

The new XE-A147 series has all the features of the XE-A137 range with the addition of an optional rechargeable battery that gives approximately 6 hours continuous use. This makes the XE-A147 ideal for outdoor sport and leisure venues (concerts; horse racing; music festivals; kiosks) where limited power is available.

With so many features in a compact and contemporary design, the XE-A147 is a flexible machine that is perfect for a wide range of leisure and outdoor Environments.
